

FOR IMMEDIATE RELEASE

MedSource Awarded Two Respiratory Studies

(Houston, Texas – October 1, 2008) MedSource, a Contract Research Organization (CRO) and leading provider of Phase I-IV clinical trials support, headquartered in Houston, TX with a regional office in Raleigh, NC, announced today it has been awarded two phase I respiratory trials to be conducted in the United States. MedSource will be providing Project Management and Clinical Monitoring for each study.

MedSource is a premier Contract Research Organization dedicated to delivering on-time, reliable clinical trial management services. MedSource has been providing quality results in Phase I-IV studies since 1997 and has extensive experience in complex clinical trials, with a special focus on oncology related programs. It has quickly grown into one of the premier monitoring groups in North America and has been recognized as an Inc. 500 company.

With clinical trial monitors located throughout North America, Europe and Latin America, MedSource is able to quickly and effectively meet the clinical trial needs of their clients. The staff at MedSource comes from a broad background of clinical research experience and draws together for a unique combination of quality, flexibility, responsiveness and integrity.

MedSource's corporate office is located in Houston, TX. More information about MedSource can be found at www.medsource.com or by calling (281) 286-2003.
